

小屋を修復してロバが暮らしやすい環境作り

プロジェクトコード : ANEC20

プロジェクト名 : TROT TROT to Ambert!

期間 (プロジェクト開始日～終了日)

8/11/2022 ~ 8/26/2022

### 背景

The Association A.D.A.D.A. (Association Des Amis des Anes - Association Friends of Donkeys), created in 1968, is one of the oldest national associations for donkey's defense and protection. Their principal goal is to rehabilitate donkeys in order to avoid their extinction. The association, recognised to be of public utility in 2008, intervenes nationally and welcomes donkeys from everywhere in France in it's shelter in Ambert where 325 donkeys and mules of all ages, are cured and (re)habilitated. A.D.A.D.A owns more than 70 hectares of field for their well being. More info on the association on their super cool website : [www.assoada.fr](http://www.assoada.fr). Since 2018 the volunteers have been working in the farm in order to allow the association to welcome more volunteers in this place. They have also been working in the fields in order to give more comfort to the donkeys. 2022 will be a new adventure, join in !

### 活動内容

This workcamp's aims is to help the association in the work that is needed to renovate the shelter and provide the healthier environnement possible for our donkey friends. You will help fence the fields in the sourrounding of Ambert (install stakes in the ground, install fences) and build stables for the winter (recycle wood from pallets, build enclosures and fences). In addition to these manual works you will be participating to the associations's life and meet the volunteers. The association and it's volunteers were very satisfied of the work accomplished since 2018. They felt supported and the help provided was very much appreciated. The donkeys considerably gained in life comfort. Thank you :)

### 参加条件

特になし

## 宿泊・食事

農場で宿泊 寝袋持参

You will be accommodated in the association's charming farm built out of wood and stones. The farm is located in the nature, 4km away from Ambert's city center. There are no beds in the farm, you will be sleeping on the floor, in the different rooms. We will provide floor mats. For better comfort, you can bring an inflatable mattress, and don't forget to bring your sleeping bag ! Two showers, toilets and a kitchen are available. Daily life is organised by volunteers (shopping, cooking, cleaning). You will be guided by campleaders. Different activities will be organised according to your interests, so bring ideas!

## 最寄空港・駅・バス停

Lyon (LYS) 空港

Ambert's train station (zip code 63600)

## 場所・レジャー

Ambert is located in the Natural Regional Parc of Livradois-Forez, in the French department of Puy-de-Dôme situated in the Auvergne-Rhône-Alpes region, 90km east from Clermont-Ferrand. The city is known for its gastronomy and cheese: the (yummy) Fourme d'Ambert! Ambert is situated in a medium mountain zone. The fauna and flora is extremely developed and beautiful. You will have the chance to see various watercourses, the rich cultural heritage and some craftspeople who possess the typical knowledges of the region. You will discover all this during hikes, walks, activities and meeting local inhabitants.

## 備考

Mobile network and wifi are quite weak. Get ready to live an incredible human experience, in the middle of nature aside these curious and sweet animals. Pay attention, the workcamp is not directly linked to the donkeys but their environmental well-being. If you are interested in knowing better the animals, you will be able to help the local volunteers of A.D.A.D.A during your free time.
