プロジェクトコード : ANEC21

プロジェクト名 : Regional Nature Reserve of Chevreuse 2

期間 (プロジェクト開始日～終了日)

8/12/2022 ~ 8/26/2022

### 背景

For more than 10 years, Etudes et Chantiers organises every year workcamps in the Natural Park of the Chevreuse Valley, a remarkable historic site that brings together nearly 50 municipalities. Ancient medieval buildings have been showcased there, paths have been laid out, bridges have been created to facilitate access to historical sites for visitors and to highlight the local heritage. This year come participate to developing the Park by enhancing the Moulineaux Abbey, jewel of "Grandmontaine" architecture, from the twelfth century. You will also come and participate to enhancing a source and a well in Méré (small village close to Poigny). You will live with the other volunteers and participate in site activities as in daily life. A facilitating team will accompany you day by day in these activities, to experience an adventure in the very heart of this remarkable heritage that is the Chevreuse Valley!

### 活動内容

You will participate in enhancing a 2560m<sup>2</sup> area of greenery: come help clear the Moulineaux Abbey, source and Méré's well to contribute to their enhancement, maintenance of the surroundings, etc. A technical team specialised in natural areas will supervise the work. You will help revive certain areas of the park so that visitors and tourists can discover the treasures these places hold. The workcamp will make the site accessible for guided tours, and this will allow walkers to visit freely and safely.

You will be able to explore the Park and the many trails by bike. All aspects of the collective life (shopping, meal preparation, cleaning) will be managed by the volunteers themselves, based on an operation that you will have decided upon together beforehand (e.g., use of schedules, constitution of pairs...). You will be assisted in this task by a group facilitator. You will cook in turns for all the participants. It will be an opportunity to show your culinary skills! The aim is for each one of you to be an actor/actress of your stay, while respecting others and community life.
