

## 街をつなぐ古道を直す建築・環境プロジェクト

プロジェクトコード : CAT04

プロジェクト名 : Recovery of the Vallonga Bridge and its surroundings

期間 (プロジェクト開始日～終了日)

7/17/2022 ~ 7/31/2022

### 背景

The organization in charge of the workcamp is called CRUC, namely Coordinació Rural de Catalunya, which is a non-profit, educationally and with a social action organization that is engaged in developing projects and initiatives in the rural areas of Catalonia. In addition to this, it also works within European and international projects and it can count with several agreements with the "Generalitat de Catalunya" in order to achieve its goals.

### 活動内容

Repair of the ancient path which connected two towns, "La Seu d'Urgell" and "Sant Llorenç de Morunys". Task focuses on the stretch from "Sant Llorenç" to "Càmping Morunys" and the arrangement of "Pont de Vallonga"'s route.

The old road is a bridle path built with dry stone walls and paved with stone slabs in some stretch.

Tasks:

- To clean and to remove vegetation in the middle of the path, besides, arrangement of two sources of water.

The started and final part of this stretch to connect with a green way goes over the Romanic bridge Vallonga where people can enjoy the service area.

- To clean vegetation, to arrange the margins around the bridge and to build a raft of water retention of the stream which passes under the bridge to keep the environment clean and for the use of the native fauna according to the project carried out by the municipal technician.
