

愛用のカメラを片手にアイスランドの街を探索 環境問題や写真撮影技術について学ぶ

プロジェクトコード : SEEDS 001.

プロジェクト名 : SEEDS 001. Environment & Photography in the New Year

期間 (プロジェクト開始日～終了日) : 1/11/2023 ~ 1/20/2023

追加費用 (現地払い) : 300 ユーロ

(初日の集合場所→キャンプ開催地への送迎、夜の写真撮影ワークショップ代、オーロラハントティングツアー代を含む)

背景 : During this camp, participants can share their love for (and learn more about) global & local environmental issues, as well as photography. If you are interested in topics such as climate change, waste management, animal protection and sustainability, and you also love taking photographs or want to develop your photography skills, then this project is for you! While developing artistic and technical photography skills, you will be focusing on environmental and sustainability issues through non-formal activities such as workshops, discussions, presentations and visits facilitated by SEEDS. One of our aims is to help create more environmentally aware consumers & travellers! You will visit local projects on environment and conservation. These may include hands-on activities or guided visits. Some examples include outdoor cleanup tasks, a community dinner or a visit to a recycling centre, a geothermal power plant, a museum or exhibition. Some of these activities are dependent on conditions such as weather, pandemic-related restrictions, as well as availability of our partner organisations. You will also have time to put the theory about photography into practice,

walking around and exploring the city. At the end of the camp, the best photographs from each participant are selected for an online exhibition on SEEDS' social media. Participants should bring their own digital cameras, lenses, tripods and laptops if possible.

活動内容 : SEEDS' programme combines learning, sharing, hands-on activities, getting to know Iceland, its culture, having fun, exploring the city and its attractions, as stunning natural attractions in other possible excursions. Participants should prepare to share environmental issues from their countries and should be ready to spend time outdoors walking medium distances during activities and sightseeing. Note this project is a learning/sharing camp and not a standard workcamp. This project has a smaller work part and puts a bigger emphasis on the personal learning process than on the community impact. In this project SEEDS will organise a night photography and aurora hunting (Northern Lights) workshop in the countryside near Reykjavík. This will take place during late evening and possibly into the night. Northern lights are a natural phenomenon depending on solar activity and meteorological conditions; we cannot guarantee you will see northern lights, but the night photography workshop will be organised anyway.

宿泊・食事 : SEEDS participants will stay in a house in Reykjavík. The facilities are basic with a kitchen, showers, and a washing machine. Everyone is expected to show consideration for their companions. Participants will sleep in shared rooms or dormitories. Please bring your own sleeping bag. Volunteers will receive food supplies and will be in charge of cooking and cleaning. Please note the food SEEDS provides will be vegetarian. Do not forget to bring some traditional/typical food, drinks, recipes, music, games or movies from your country for the intercultural evening. Please be aware some items or ingredients may be expensive in Iceland and you will need to buy them yourselves or bring them from your country.

最寄空港・駅・バス停 : レイキャビク空港 (KEF) Bus station Reykjavík (BSI)

場所・レジャー : Reykjavík is a dynamic, modern city which lives in harmony with nature, using renewable energy sources. The world's northernmost capital bridges the Atlantic, between Europe and North America. Reykjavík is spread across a peninsula with a panoramic view of the mountains and the Atlantic. It is an international city with a lively cosmopolitan cultural scene surrounded by beautiful nature. Other excursions (e.g. to the Golden Circle, South Shore, Fagradalsfjall volcano, Reykjanes and/or Snæfellsnes Peninsula) can be arranged at discount fares if there is free time after the camp workshops/sessions. It may be very cold and/or rainy, so we recommend bringing warm and waterproof clothes (underlayers,

overcoats, scarves, gloves and hats), good walking shoes, as some of the activities take place outdoors.

備考： Participation fee EUR 300 (Euros). The fee can either be transferred in advance via bank transfer, or paid in cash on arrival. It includes transportation from the meeting point to the camp (on the first day), the visits available and the night photography workshop & aurora hunting excursion.
