

## 新年をアイスランドで迎えよう！ 環境とフォトグラフィー

プロジェクトコード : SEEDS 070.

プロジェクト名 : SEEDS 070. Environment & Photography - New Years'

期間 (プロジェクト開始日～終了日) : 12/28/2022 ~ 1/6/2023

追加費用 (現地払い) : 350 ユーロ

(初日の集合場所→キャンプ開催地への送迎、ゴールデンサークル観光、夜の写真撮影・オーロラハンティングのワークショップ代を含む)

**背景 :** During this camp, participants can share their love for (and learn more about) global & local environmental issues, as well as photography. If you are interested in topics such as climate change, waste management, animal protection and sustainability, and you also love taking photographs or want to develop your photography skills, then this project is for you! While developing artistic and technical photography skills, you will be focusing on environmental and sustainability issues through non-formal activities such as workshops, discussions, presentations and visits facilitated by SEEDS. One of our aims is to help create more environmentally aware consumers & travellers! You will visit local projects on environment and conservation. These may include hands-on activities or guided visits. Some examples include outdoor cleanup tasks, a community dinner or a visit to a recycling centre, a geothermal power plant, a museum or exhibition. Some of these activities are dependent on conditions such as weather, pandemic-related restrictions, as well as availability of our partner

organisations. You will also have time to put the theory about photography into practice, walking around and exploring the city. At the end of the camp, the best photographs from each participant are selected for an online exhibition on SEEDS' social media. Participants should bring their own digital cameras, lenses, tripods and laptops if possible.

**活動内容** : SEEDS' programme combines learning, sharing, hands-on activities, getting to know Iceland, its culture, having fun, exploring the city and stunning natural attractions in the Golden Circle or other excursions. Participants should prepare to share environmental issues from their countries and should be ready to spend time outdoors walking medium distances during activities and sightseeing. Note this project is a learning/sharing camp and not a standard workcamp. This project has a smaller work part and puts a bigger emphasis on the personal learning process than on the community impact. SEEDS will organise a night photography and aurora hunting (Northern Lights) workshop in the countryside near Reykjavík. We cannot guarantee you will see northern lights, as it depends on solar activity and meteorological conditions. Celebrate the New Year in a vibrant city with new friends from around the world. Watch the large fireworks display illuminate the sky, celebrate around a bonfire and party into the night.

**宿泊・食事** : SEEDS participants will stay in a house in Reykjavík. The facilities are basic with a kitchen, showers, and a washing machine. Everyone is expected to show consideration for their companions. Participants will sleep in shared rooms or dormitories. Please bring your own sleeping bag. Volunteers will receive food supplies and will be in charge of cooking and cleaning. Please note the food SEEDS provides will be vegetarian. Do not forget to bring some traditional/typical food, drinks, recipes, music, games or movies from your country for the intercultural evening. Please be aware some items or ingredients may be expensive in Iceland and you will need to buy them yourselves or bring them from your country.

**最寄空港・駅・バス停** : レイキャビク空港 (KEF)    Bus station Reykjavík (BSI)

**場所・レジャー** : Reykjavík is a dynamic, modern city which lives in harmony with nature, using renewable energy sources. The world's northernmost capital bridges the Atlantic, between Europe and North America. Reykjavík is spread across a peninsula with a panoramic view of the mountains and the Atlantic. It is an international city with a lively cosmopolitan cultural scene surrounded by beautiful nature. Other excursions (e.g. to the South Shore, Vesturland, Reykjanes and/or Snæfellsnes Peninsula) can be arranged at discount fares if there is free time after the camp workshops/sessions. It may be very cold and/or rainy, so we

recommend bringing warm and waterproof clothes (underlayers, overcoats, scarves, gloves and hats), good walking shoes, as some of the activities take place outdoors.

**備考 :** Participation fee EUR 350 (Euros). The fee can either be transferred in advance via bank transfer, or paid in cash on arrival. It includes transportation from the meeting point to the camp (on the first day), the visits available, the Golden Circle excursion and the night photography & aurora hunting workshop. English will be the language in the camp; intermediate conversational skills are needed.
