**背景 :** Vive Mexico has been organizing this workcamp regularly in Rincon de Guayabitos, Nayarit since 2014. The main achievement of the project is to protect the sea turtles with the help of volunteers who will be cooperating with a team of biologists. Up to now, the project has been quite successful and has reached extraordinary results. Participating in sea turtle conservation is a great opportunity to discover the rather charming life of sea turtles.

**活動内容 :** The volunteers will be working at night from 20:00 to 08:00, four days per week with an average of thirty hours. Depending on the number of turtles that come ashore, two teams might be formed among the volunteers. In this way, each group will be taking turns, working one night and taking the next night off for recovery. In addition, the weekends are also spared for resting. Some of the activities to be performed are:

1. Finding adult turtles and collect their eggs.
2. Moving the eggs to a protected place called Vivero.
3. Releasing newborn baby turtles into the sea.
4. Patrolling the beaches at night.
5. Making some reconstruction in the most important turtle camps of the region.
